

# Skillet Drop-Off Menu

## great food, down to the details

Our drop-off menu is designed for events that don't require service, staff, rentals, or an on-site chef. We use fresh, seasonal and locally-sourced products as much as possible, and prepare food ready for your guests. We can package meals a couple of ways – brown bag, buffet, and platters. Using the same care as our full-service events, we deliver your order in recyclable or compostable packaging. Our aluminum wares can easily be warmed in the oven if needed. Everything is designed to be stress free and easy. We even help the coordinator set up the food. Please don't hesitate to ask about special dietary needs or concerns, we can accommodate!

### **brown bag lunch drop off**

Best for groups of 6 or more, we can create customized lunches for your whole team. Each lunch is fully prepared and packaged in a brown bag, with as much love and care as Mom gave you. Our easy order guide helps your team order their favorite lunch. Name labels on each bag make it easy to distribute to your group. Each brown bag includes compostable utensils and napkins.

### **basic drop off buffet & platters**

Our food is delivered fully prepared, ready to serve, and set up by our staff. Meals come in recyclable platters or compostable wares. Included are compostable plates, utensils & napkins.

### **deluxe drop off with equipment rentals**

Our food is delivered fully prepared, ready to serve, and set up by our staff. The meals come in mismatched bowls and platters or stainless steel chafing dishes & serving utensils. Also included are metal plates, mismatched utensils, cloth napkins, & if needed, mason jar glassware. All of the rented equipment will be picked-up after the event by our staff.

### **the fine print**

- 48-hours notice and payment in full required on all orders.
- Total food and beverage order minimum is \$250.
- Delivery fee within Seattle limits is \$30.
- Live outside the city? We can do that, just ask for a quote.

## **contact us**

Shoot us a list of what sounds good from the menu options, and we'll work you up a quote!
